Cold wind brushes your face  
Your temperature is going low  
A falling leaf is meaning your life  
There is no time for you

It's like a fire in the storm  
Your hesitation is fatal  
Find the way to save your mind  
There is no time for you

There is no way out and no where to hide  
On through the night, you must go on  
Time after time, you will see the nightmare  
Rush is the last means left by you

Taste the blood of your friends  
You are just in a balme game  
Feel the fire of anger  
Repentance comes too late

It's like a fire in the storm  
Your hesitation is fatal  
Find the way to save your mind  
There is no time for you

In too much dispute, the truth will be lost  
You have to truth only yourself  
Time after time, you will see the nightmare  
Rush is the last means left by you

Wind of change animated the flag  
Drastic revolution is in this time  
Never lose the truth of steel  
Never lose the mind of a warrior  
Kill the apin  
You'll see the dawn of freedom

Wind of change animated the flag  
Drastic revolution is in this time  
Never lose the truth of steel  
Never lose the mind of a warrior

Kill the apin  
You'll do the best and find the answer
