The enemy comes to the striking distance
It's a menace I must shatter the silence
I think about the way things stand
I'll decide to fight for my own hand
He is forcing his own ideas on me
It's a menace I do not wanna agree
I must fight but it's far from easy
I wanna win but i can not play dirty

Oh, where is this, is this place where I'm supposed to
be?
I have the courage of my convictions pluck up courage
No fear

Oh, I have spirit of steel
I want more the flesh of steel
I wanna go my way
I do not want to be interfered by him from now on
I wanna go my way
Oh, I have spirit of steel

The enemy comes from my rear and front
It's a menace I am all right at the moment
I must fight but it's far from easy
I wanna win but I can not play nasty

Oh, how should I do, how can I get over the difficulty ?
I have the courage of my convictions pluck up courage
No fear

Oh, I have spirit of steel
I want more the flesh of steel
I wanna go ahead
I've seen the way to go I can go without hesitation
I wanna go my way
Oh, I have spirit of steel

Oh, where is this, is this place where I'm supposed to
be?
I have the courage of my convictions pluck up courage
No fear

Oh, I have spirit of steel
I want more the flesh of steel
I wanna go my way
I do not want to be interfered by him from now on
I wanna go my way
Oh, I have spirit of steel
I wanna go my way
I have spirit of steel
Spirit of steel!
