Wonder why you left on that night  
Wonder what you thought at that time  
What can I do? Have I lost you?  
What should I do? Have I lost you?

The season passes early for me  
Something is lost from my body  
Crazy about you, love you from my heart  
Still loving you, love you from my heart

I regret my very happy days  
Memories are fading away  
I feel the night and days

Somebody said, "You must forget..."  
But I cannot do yet  
It's cold in my bed

Oh, there is no woman meant more than you  
I wanna meet wanna touch  
Do you hear this prayer of me?  
I thought that love with you was forever  
I miss you, we'll surely meet in the future

I don't know where and with whom you live now  
It is not in my mind  
Now all of you are not mine  
I thought that love with you was forever  
I miss you, we'll surely meet in the future

And I wish this pain would go  
There is your shadow

Somebody said, "You must forget..."  
But I cannot do yet  
It's cold in my bed

Oh, there is no woman meant more than you  
I wanna meet wanna touch  
Do you hear this prayer of me?  
I thought that love with you was forever  
I miss you, we'll surely meet in the future

I don't know where and with whom you live now  
It is not in my mind  
Now all of you are not mine  
I thought that love with you was forever  
I miss you, we'll surely meet in the future
