

## **Gals Panic "Pit"**

At times I will admit  
Those days down at the pit  
When Tommy and I used to skate  
Our little homemade bombs detonate  
And now I'll take my turn  
Your moves I want to learn  
Hey, Tommy you've got style  
Lets go to the pit for awhile

It's just a pit to you  
To me it's something else

Bolt those trucks down tight  
We'll set the pit on fire tonight  
Tommy knows all of the tricks  
And he'll show off to all the skater chicks  
I wish the roads were paved  
Yeah, we could skate there all the way  
The graffiti on the wall is mine  
Paint more when we return another time
