Doktor Insania
And his mad machines of science
Crushing the human race he beckons
The tyrant from outer space

Atomizer! Crushing your brain
Atomizer! Drives you insane

Doktor Insania And his evil metal
Killers hunting for those who
Survive in the ruined streets they
Are lasered alive

Atomizer! Crushing your brain
Atomizer! Drives you insane

Doktor Insania
Commands The Mechni Crab
World called him a lunatic
Now his reign is sad-ist-tic!

Atomizer! Crushing your brain
Atomizer! Drives you insane
