The challenger from a future time
Sentenced to the past for a forgotten crime
They'll banish him from the perfect rights
Down through the years past time and space

Through the stargate, time and space collapse
Equations fly about the mist
Transports him to their trap

Centurians of the second breed
Robots, powered by piston steam
A spectacle for you to see
New Eliminators of atlantis - B.C.

War spilled in the funeral times
Traded powers cross the astral lines
The world will see the battle on the arena floor
The fight likes the laser want to see your coming hour

Razor gate and lose the beast
The sound of bloody war - war!
Exagerated Death-face
Means a fly tucked to the sore

Centurians of the second breed
Robots, powered by piston steam
A spectacle for you to see
New Eliminators of atlantis - B.C.

Smoking powders, robots mercies, aliens, and jets
The challenger erects, he's screaming "" Faces all
reflect"
So cast a bomb into the heart, the cities neutrid core
Overlords and denizens sent to the ocean floor

In the dying moment the city flows in ash
From out the chaos comes a challenger to vanish in a
flash

Centurians of the second breed
Robots, powered by piston steam

A spectacle for you to see
New Eliminators of atlantis -B.C.

Centurians of the second breed
Robots, powered by piston steam
A spectacle for you to see
New Eliminators of atlantis - B.C.

Atlantis! Atlantis! Atlantis!
