waters rise to meet the sound of day  
oceans swell to have the final say  
but who's to give, and who's to take away?  
have to try, it's better to try  
so we all can sit together  
it's one for all, and all for one  
it's holding hands, you havin' fun?  
it's who you are, we are alone  
so hold on tight and don't let go  
don't be afraid to let it show  
a king and queen, oh don't you know?  
a king and queen, oh don't you know?  
that you are me...  
in the bottom of my heart  
in the stories of the past  
watch the face, you know too well  
watch the shadow made of diamonds  
it's one for all, and all for one  
it's holding hands, you havin' fun?  
it's who you are, we are alone  
so hold on tight and don't let go  
don't be afraid to let it show  
a king and queen, oh don't you know?  
a king and queen, oh don't you know?  
that you are me...
