Raise this spine

Run from bottom on up

Color come on

Bring your blessings outside

Step round a window

Huddle self game bare

Shiver pause for falling

Trance to ingest lava dust

Ease trust catalyst

Down

Down

Low release a rise altered swoon

Down

Down

Spiral churn then suffer some calm

Still trip complaining

Web tangle my word

Love bound in lonely

Unmotion owned

Catch shibboleth grin

Devil dream to shoulder sphere

Find base to balance

Rattle shake martyr myth

Ring a pretty path
Down

Down

Low release a rise altered swoon

Down

Down

Spiral churn then suffer some calm
