Hey, kids, get your gear
This is your vacation
Climb aboard this yellow bus
To your destination
Hey, lift man, now lift me up
It's an occupation
And I wanna have a good time

At Alpental, the skiings all at night
With alcohol, your dreams are all in white
Like Idaho, the wintertime
You felt was yours to live
You felt was yours to live
The one good time, you felt was yours to to live

Silver streaks left to mark our tracks
A million miles on empty
Brown baggin' from our packs
I better get me some gin, please
Double Diamond is way too rough
It's an outside regulation
'Cause I wanna have a good time

At Alpental, the skiings all at night
With alcohol, your dreams are all in white
Like Idaho, the wintertime
You felt was yours to live
You felt was yours to live
The one good time you felt was yours to to live

At Alpental, the winter tell you
That was yours to live
That was yours to live
The one good time you felt was yours to to live

And I wanna have a good time

At Alpental, the skiings all at night
With alcohol, your dreams are all in white
Like Idaho, the wintertime
You felt was yours to live
You felt was yours to live

The one good time you felt was yours to to live
