Yeah, I'm all over this.  
I may be afraid.  
I'm over you see.

I swear, I swear.

A matter of a reason,  
Don't worry me with "no better".  
You'll always be loving,

I swear, I swear

If I let you want to be, one time.  
If I let you want to beat this time.  
Yes, I'll never be the one to say no.  
Reach out inside, yes and nevermind.

If I let you get me,  
Yeah, I'm all over this.  
I'm into the shelter.  
My mind is scarred with my name,  
And I swear, I swear

Ain't no reason I can't be alive.  
If i can make you want to make me doubt.  
Guess there's nothing left but being at home.  
If I can let, you might get me?

Yes, I got my man,  
You get around and I'm gone.  
Yes, I know and everything that walks will change  
and na na na...

Yes, it's your turn  
I'll always be there  
My...  
Sex me, sex me
