Welcome now where we belong
We hit 'em while we're new
Givin' up my action
I swear that'll come to you

And tell me if it seems that
They'll be given you to find
And what will you define the world
That'll make the life to lose

And raise love to highlight
The world of dream and ecstasy
Problems and attitude

I'll take from this and I swear
There won't be nothin' left to do
To give it up would just be the best
Your egos come to you

And in that darkest hour you scream out
Leavin' amount of pain
The reason you'll make it my lady
Well let us come again

I'll raise love to highlight
The world of dream and ecstasy

I heard the people sing
All sayin', get down on it
[Incomprehensible] come on it ain't got nothin' on it

Said get down on it
Yeah, get down on it
Said there ain't no secret from you, yeah

Ain't got nothin' to do, yeah
Read my mind, I think I'm fallin'
And dead a longing from home, yeah

I'll raise love to highlight
The world of dream and ecstasy
Problems and attitude

Raise love, raise love
I'll raise love, I'll raise love
[Incomprehensible]

This appeal you ain't got nothin to do
This appeal shouting thorough
This appeal it ain't got nothing for you
This I swear the power in the groove, shake it
