I won't pull the trigger  
Just to see you die  
No remedy to make me come alive

I'm ticking like a timebomb

(Need) no fuse, just guts and gore  
(To) initiate the burning of the core

I count down to zero, pull the trigger, no parole  
No mercy, have mercy, no mercy on your soul

Kill by any means necessary  
Win by any means necessary  
Live by any means necessary  
Die by any means necessary

I am not judgemental  
A sinner nor a saint  
'Cause either you're my best friend or you ain't

Come gather here around me  
Feel my breath under your skin  
I'm deadly, only when I'm getting caught

I count down to zero, I'm a soldier without soul  
No mercy, have mercy, no mercy on your soul

Kill by any means necessary  
Win by any means necessary  
Live by any means necessary  
Die by any means necessary

I am born to kill - judge and condemn  
I am born to win - slay and maim 'em  
I am born to live - fight for glory  
I am born to die

Kill - win - live - die

Kill by any means necessary  
Win by any means necessary

Live by any means necessary  
Die by any means necessary

I am born to kill - judge and condemn  
I am born to win - slay and maim 'em  
I am born to live - fight for glory  
I am born to die - memento mori

I am born to kill - judge and condemn  
I am born to win - slay and maim 'em  
I am born to live - fight for glory  
I am born to die - memento mori...
