[Chris Brown]

All these girls around the World, they love me
I'm supposed to be the only one
It aint my fault if all these ladies love me
Thought I was supposed to be the only one
Believe that I'm a gangsta girl
All I ever wanted was a real girl
You know that I'm a gangsta girl

[Game - Verse 1]

I'm supposed to be your number one
Thought we was getting married when the summer
come
Two piece Armani with the ?
And when she look in my eyes she see a money sign
She see Loieue Vuitton, she see them Prada heels
I took her outta that couch, hotter than ?
I mean its gotta feel good to a bitch about the hood
Driving a Rose Phantom with an angel on the hood
I mean we living that good
Chowing on Mr Chow's after this it's Fillippe
N-gga you know my style
Lil Cristal, Lil Rose
A whole bunch of Al's bad bitches in the place
N-gga feel like an Owl, n-gga I'm so fly
Pull that Bugatti out, them haters gon die
baby you know them doors are suicide
And it aint about nuttin but you and I

[Game - Verse 2]

She used to stash my loot, all in the sofa
Then I used to knock her boots all in the sofa
She had 3 stocks, one chrome on that Toyota

Then she flipped channels on a n-gga
Oprah, all up in the club getting hawk by the vultures
The femal Spreewell, was too hard to couch her
So I had to do the best thing for both us
Take myself shopping, get my Ralph Lauren coats up
It aint trickin' if you got it right, No sir
Can't get a shot of Patron unless she gon f-ck
Can't leave these hoes alone n-gga it's so tough
Especially if they finance the nose, I pick them both up
Then we hit South beach, pull my Gucci loc's up
Hit my n-gga Wayne like let me borrow some ?
Looking like a casting call and we show up
We getting Young Money but we grown up
So what!

[Chorus]
