Look, get ya mask took off when I blast four off  
Pump the shorty, throw your body  
Where the grass grow tall  
Yeah, I'm like tango for the cash  
Orange Jag, looking like a mango when it pass

With the tato on the mack  
I ain't talking 'bout bagging up work  
When I put Yayo in the bag  
Fuck is you rhyiming about?

You thirty, just getting in the game  
You should be trying to get out  
You know it's drama when the Llama get out  
Pull and spit the lead, bullets hit your head  
Then your mind'll sit out by the time they find this shit,  
out

I'm in a different state, in a different zip  
Different whip, different plates, wait!  
I put the heat in to your head  
You, G unit, ninja turtles  
'Cause your leader is rat, scrat!

It's simple as one, two, three  
You lames, wanna get at game?  
You gotta come through me  
Tony Yayo, get out the way, ho

Lloyd Banks, just got shot  
Technique pass the mack  
And aim it at Curtis Jack, you ain't right  
Trying to be Frank Wright  
(Right)

You getting smacked, little accident murderer  
I just now heard of ya, and the next time you disrespect  
the west  
E, serving ya, Yayo, you better lay low 'cause  
The M.O.B, got some killers on the payroll  
I put a million dollar hit on you snitches  
Show you why we call ourselves money over bitches

I got a clip full of poison bananas  
And some cold hard killers from Compton  
(Here monkey, monkey)  
I got a clip full of poison bananas  
And a cold hard killer from Philly  
(Here monkey, monkey)

And a cold hard killer from Long Beach

Olivia, get back in the car, before I smack you  
Like Fifty, did Fredo Starr and he picking on li'l niggas  
Is it me or is it every video, Curtis Jackson get a li'l  
bigger?  
Nigga, using that muscle enhancement

All I need is a couple dumbbells and a sandwich  
Fuck, holding a conference, I'll run to Violator  
Hold Chris Lighty for hostage, 'cause Banks, doing gay  
porn  
Come out the closet!

Either that or I'm ma knock Chris Lighty,  
unconsciencious  
Cut all the nonsense, you was pc'd, up  
Hit the bricks, rapping 'bout the corner like you  
common  
Talk of New York? You, Jorge Pasada

I throw 'em, you catch 'em, that's not a threat  
That's a promise, you did six months, now you a  
convict

I accepted your phones calls, now you at me  
On some wild shit, judge said, time spent

Now you can get it from  
The same gun homicide, dropped five dimes with  
And next time you try to kiss me on the cheek  
You won't be alive long enough to put out Mobb Deep

And some cold hard killers from Compton

Welcome to the west, let me show you what hood like  
My niggas, down to sit on death row and ain't fucking  
with Suge Knight  
Tag your left toes, wish you niggas, a good night  
Rock-a-by, baby, chrome, three-thirty-six, screaming

Ready to die, them niggas ain't crazy  
On the black wall on the mini street that they can't be  
A pine box plenty of leg room, game, hit me  
We're watching, access granted in Cancun

I'm look at the two like the nerve of this damn dude  
Pointing a beam at him, locating his next wound  
Talk to my heat, Chi-Chi get the Yayo  
Replace that, G Unit, bandanna with a halo
