[Robin Thicke]

Do it by the touch

[The Game]

Remember Camron first year
think it was horse and carriage
but I aint talkin' marriage
I'm talking 14 carrots
I aint talkin' tiffany
cause I aint talking industry
I'm talking in the streets
twin Bentleys
I'm tryin' to be what you mentally before physically
I'm physically before mentally, just remember me
for you I let that thing sing like a symphony
(?) nancy and Micky and Malery
we meant to be
never been a trick I do the shopping for the both us
send shots at the vultures
in these Marc Jacob loafers
and I'm saying
you gon let me see something
stop playin
I didn't know it was like that, God-damn
you bring the LL out a n-gga
the Louie V the Burken the Chanel out a n-gga
(?) 12 out a n-gga so you know what time it is
I'm bout to call the (?)
yo ma, why you tryna live

[Robin Thicke]

Pushin it your lips
cause my drug is your kiss
I'm pushin it your body
(?) that you need
I'm pushin it back door
I'ma elevate ya to the top floor
I'm pushin' it need a rush
(?)

[T.I.]

What's happenin' mami what you doin' you

supposed to be
Livin' in a lap of luxury so you should go with me
I'm openly excited spend the night I bet u like it
Do with it whatever you like it don't matter just dont
bite it
you see that feeling when you met me well you
shouldn't fight it
They said you and I are more than worth a try so don't
deny it
See i'm king like Lee united dress your hands with the
brightest stones
Known the man when your mans pockets on a diet
Walk you in this presidential out that doublin' the
Hyatt
Big money talkin', all broke n-ggas be quiet
It don't matter how we feel all what matters is how we
live
Don't listen to his opinion until he stack a couple mil
But until then feels free to come chill
And my crib in the hills set back and kick off your heels
Say you never seen a pad with a view so ill
or receive so much pleasure that you couldn't hold
still
We'll until...

[Chorus]

[Bridge - Robin Thicke]

Straight to the Penthouse, Elevate
let me put my hands on your w-w-waiste
let me take a second, let me take it in

you can run that game all night
but you know I w-w-win
let me take a second, let me take it in
you can run that game all night
but you know I w-w-win
I am Superman, I'm supercool
I'm in the air, all over you
I am Superman, I'm supercool
I'm in the air, all over you

[The Game]

I let your friends talk bad about you
I didn't lisso (listen)
behind your back calling you a H to the Izzo
I apologise lay your head on the pillow
Mr and Mrs Smith and we can have a little Willow
she can shave the sides put a couple lines in it
and we can have spitzers put a couple limes in it
throw a Bar Mitzvah put a couple dimes in it

she go see a Drake show but never out of line with it
so very chance I get n-gga IÂ'm in it
deep sea diving trying to see what I can find in it
so its mine illy and thats a Porsche aint it
so picture that and have Andy Warhol paint it
IÂ'm a rude boy so Imma go get it up
Rihanna post Chris Matt Kemp

so talk to me
have you ever been to Cannes
yeah South of France next stop Japan
lets goÂ...

[Chorus]
