About this time the girls are rising early
I'm going to find a way to get back someday
Living rooms I don't know why someone would leave

And though it's taken time till I discovered
Don't you put your hand in any other
They suggest piano lessons for young beauty queens
And I know just what they mean

And if I answer to a different hunger
From the one I had when I was younger
Please remember that it's still just me inside
With one thing less to hide

Crash into June (In and out of tune)
It happens all too soon
And you don't know when it's there
Such a sorry state of affairs

Arrogance is taking me to that house
And a lifestyle I can really do without
Blowing inland off the tides of shorelines gone

This is weather that implies it's too late
Days that won't keep getting longer if we wait
Please don't think that I'm the one who should be
strong
I can't keep this up long

Crash into June (In and out of tune)
It happens all too soon
And you don't know when it's there
Such a sorry state of affairs
