Lose my sense of fair play when she's here with me
Lose my sight with one more night of late t.v.
She can go a life not looking in your eyes
And I believe her when she lies
Too far gone to disagree

Houston, does the weak transmission say it all?
Wave transparent agents of the urban sprawl
Jazz musicians everywhere you look tonight
Crawl out of my skin outright
Thin film found on coed walls

She wants the formal indictment
The show and the flow of excitement
Entertain me once and then change my life
But don't entertain me twice

Go ahead, you could be just the thing she needs
Someone there to follow anywhere she leads
We can talk psychology till the alarm rings
Biology's the only thing
At this point that will kill the weeds

She wants the formal indictment
The show and the flow of excitement
Entertain me once and then change my life
But don't entertain me twice
