Donovan tapes play for hours on end  
But the old feelings won't stay  
Try though she may  
Hates who she was yesterday

And so does she think that she loves someone?  
Making the firedrill work twice  
Always no dice  
Don't think that things can stay nice

Swordfights on tables for way too long  
Ended I guess in a draw  
Now Douglas Fairbanks is one off the list

Singing la Leilani la Leilani la

Was every outing a play for you  
Or did I really have fun?  
Clothes on the run  
Go out and make me someone

Whatever happened to that whole life?  
Shootouts each chance that I saw  
I hear them ask does Clint Eastwood feel lucky now?

La Leilani la Leilani la  
La Leilani la Leilani la

And she just wants to look okay  
She just wants it to be okay
