All the parts and so decided  
Once in some abandoned world  
Hosts inside and guests invited  
Rolling with the moody girls

A jostly night anticipated  
First one home from boarding school  
A dash from dad, the rest created  
As per Hoyle's creation rules

Patterned shawl draped in a crown  
Lipstick darker than her frown  
And dusty jewelry hanging low down  
Out of the lost and found

Now I'm rolling, now I'm rolling  
Now I'm rolling, now I'm rolling  
I'm rolling with the moody girls

Caught without a class distinction  
Prints replacing oils for now  
Each new year could bring extinction  
No one knows exactly how

Unfolding their defense in stages  
Harshest critics can't refuse  
Two steps from the middle ages  
Rose details and ruby shoes

Taking on their sovereignty  
Pointless as it may well be  
But someone's going to have to go see  
And it might as well be me

Now I'm rolling, now I'm rolling  
Now I'm rolling, now I'm rolling  
I'm rolling with the moody girls

Now I'm rolling, now I'm rolling  
Now I'm rolling, now I'm rolling  
I'm rolling with the moody girls
