If you were late I would wait
Wait all day right here
If no one were watching
Girl I guess I'd wait all year

Take my time, I will
Thinking I've been owed
I've got a funny feeling
One more lost cause will exceed my load
Shrinking back your rear view road

Don't look too closely 'cause you don't want to see
How it shows when I know you're not wanting me

Tell them it wasn't hard
Tell them you beat me cold
If it ever helps you
Through just one day, let me know
And tell me that you told me so

Everyone gets tired of being out of reach
And you won't like missing someone you've despised
Everyone has gone, Matthew Mark and John
Oh girl but we sit here trading alibis

Don't look too closely 'cause you don't want to see
How it shows when I know you're not wanting me

Don't look too closely 'cause you don't want to know
How the world is changed when you let someone go
