Where do you run when life is at stake It's not easy to escape with no way out Blind eyes could see Blind eyes could see right through you

Will you stay, and bring the sun upon the clouds Rise up, upon me One by one, we'll carry on into the night Leave it, behind All alone Alone

So if we can't escape where do run
It takes a heart of stone to make it out
So close your eyes, let your instincts guide
We'll find a place to hide

Will you stay, and bring the sun upon the clouds Rise up, upon me
One by one, we'll carry on into the night
Leave it, behind
All alone
Alone
