Lyrics: Scheepers

Are you still satisfied with the situation

That you've into for many years now?

Time is movin' on your childhood it's gone

But you don't realize that the game it isn't won

Blind you think that you're safe at home

But the fall is near if you carry on

18 years of freedom - where have they gone?

Try to understand - you must search to take

Before you old - you must learn to live your life before  
you're old

Break out the change is drawing near

Decisions to stop, to turn and stare

Solutions my thoughts are getting lighter

I'm leaving and I no longer care

Spread my wings and fly among the clouds,

I feel so free, I left the world behind

Now I know what I have missed

I'm never give it back, my life's just begun

Throw it au away, I'm not ever gonna be the same  
again

(repeat 4 times)

Throw it away, turn it au away

I'm not gonna be the same again.
