I came from the sky on the coldest day  
They tough me to speak and to walk and obey  
Injected their will into my simple kind  
Forever to be in control of my mind

Let me out, let me out and walk away  
Let me live on the run  
Let me out, let me out, don't make me stay  
For my kingdom to come

I'm the one with no name  
And I won't play your game  
I'm no light in the dark  
And no savior

Let my powers unfold  
And before I get cold  
Let me die as a rebel  
Or live as a free man at last

I seek no forgiveness for taking my turn  
I don't beg your pardon, it's time that you learn  
That I'm non-conform and I hate the norm  
And I wish your world away, I'm falling to pieces  
sometime

I'm the one with no name  
And I won't play your game  
I'm no light in the dark  
And no savior

Let my powers unfold  
And before I get cold  
Let me die as a rebel  
Or live as a free man at last

I'm the one with no name  
And I won't play your game  
I'm no light in the dark  
And no savior

Let my powers unfold

And before I get cold  
Let me die as a rebel  
Or live as a free man at last

Free at last
