"Beyond The Black Hole"

I have come from so far away from the sunlight of my home
And I have seen it's the only way now my sun is dead
and gone

I raise my head in silent anger seems there is no place
for me
The only way out is to go where no one's gone before

Fly
Beyond the gates of space and time another universe
is mine
And I can't wait until tomorrow
Ride
There is a call from deep within no I won't return again
'Cause I will dive into the black hole

Don't wait for me
'Cause I won't come back
Oh don't wait for me
No I won't come back
Oh don't wait for me
No I won't come back
Oh oh oh

Thunder and lightning and fire are guiding the trip of
my life
Insatiable burning desire as into the unknown I dive

I raise my head in silent anger seems there is no place
for me
The only way out is to go where no one's gone before

Fly
Beyond the gates of space and time another universe
is mine
And I can't wait until tomorrow
Ride
There is a call from deep within no I won't return again
'Cause I will dive into the black hole

Don't wait for me

'Cause I won't come back
Oh don't wait for me
No I won't come back
Oh don't wait for me
No I won't come back
Oh oh oh don't wait

There was a trigger for my decision it's right behind my
eyes
Into the darkness of my vision I let my spirit rise

I wanna see the black hole in to the dark
I wanna dive in to the black hole down in to the dark
In to the black hole in to the dark
In to the spiral in to the dark the dark the dark

If there's a possible chance for something that can be
called future Behind the spiral the only way to find out
Is to leave the final frontier to eternity and fly

I will fly
Beyond the gates of space and time I leave the
universe behind
And I can't wait until tomorrow
Fly
Beyond the gates of space and time I know the
universe is mine
'Cause I will dive into the black hole
Ride
And there's a call from deep within I know I won't return
again
'Cause I will dive into the black hole

Don't wait for me 'cause I won't come back
Oh don't wait for me no I won't come back
Oh don't wait for me no I won't come back
Don't wait for me 'cause I won't come back
Oh don't wait for me no I won't come back
Oh don't wait for me no I won't come back
Oh oh oh don't wait
