Did you ever want to worry?
Did you ever wanna have a doubt?
You wanted the best for me
Somehow things went wrong
And I tore us apart

Did you ever think it was so easy
Thought my time was running out
Tried it how I wanted to
Though You did not agree
But I was calling for You, for You

I was calling for You
Calling, calling, calling

Father, You can't hide
It's time to lose the pride, some day
Take a look and see
I'm blue as I can be

In former days You made Your own way
You found on easy way of life
But I'll be never satisfied
To work from nine till five
I'm heading for more

I remember what You've said
But I know I won't regret
When I try to break the rules
I'm searching for my way, my own way

Father, You can't hide
Your feelings deep inside, oh no
There's a better way
For You and me today

I can't stand it anymore
It's only You and me
We have to talk and see
How things are gonna be
But all I want is peace

Father
Father
[Incomprehensible]
Father

Father, now it's time
We ain't losin' our minds any more
It seems so long ago
Fate will bring us hope
