In the morning you try to recover  
But you still got the red in your eyes  
Then you get up and look in the mirror  
And you see the beast arise

Got a big red nose from the overdose  
And somebody else's eyes  
And you think to thee, 'Is it really me'?  
And you have to realize

The prize that you pay for a moment like this  
Is never too high 'cause you still doing it  
Don't you know that we all stand in line  
Our future dreams are just a waste of time

Our future is a madhouse and we all are movin' in  
Our world need some action  
'Cause there's nothing left to gain

Take your baggy, thing are ready  
You only need to come  
Join this century's schizoid clan  
The rooms are paved and done

The price that you pay for a moment like this  
Is never too high 'cause it perfectly fits  
Don't obey that you are wasting time  
Insanity is just a state of mind

Our future is a madhouse and we all are movin' in  
Our world need some action  
'Cause there's nothing left to gain

(Our world)  
Is a madhouse in the gutter, come on in  
(Our world)  
Needs some action, satisfaction 'til the end

(Our world)  
We need sex and crime to supply our minds  
An amazing time, come on in

(Our future)  
And we party on 'til our life is done  
Just to waste on time 'til the end
