If you're out there all alone  
And you don't know where to go to  
Come and take a trip with me to Future World

And if you're running through your life  
And you don't know what the sense is  
Come and look how it could be, in Future World

We all live in happiness our life is full of joy  
We say the world FUTURE WORLD

If you're out there all alone  
And you don't know where to go to  
Come and take a trip with me to Future World

And if you're running through your life  
And you don't know what the sense is  
Come and look how it could be, in Future World

We all live in happiness our life is full of joy  
We say the world "tomorrow" without fear  
The feeling of togetherness is always at our side

We love our life and we know we will stay

[Chorus]  
Cause we all live in Future World  
A world that's full of love  
Our future life will be glorious  
Come with me - Future World

You say you'd like to stay  
But this is not your time  
Go back, find your own way to Future World

Life can be for living  
Just try and never give in  
"tomorrow" without fear  
The feeling of togetherness is always at our side

We love our life and we know we will stay

[Chorus]  
Cause we all live in Future World  
A world that's full of love  
Our future life will be glorious  
Come with me - Future World

You say you'd like to stay  
But this is not your time  
Go back, find your own way to Future World

Life can be for living  
Just try and never give in  
Tell everyone the way of Future World

One day you'll live in happiness  
With a heart that's full of joy  
You'll say the world "tomorrow" without fear

The feeling of togetherness will be at your side  
You'll say you love your life and you'll know why

[Chorus]  
[Solo both/Kai/both]  
[Scream it out]  
[Chorus]
