Voices are calling from somewhere below
Melting on the eastern shore
Rain is falling down on me
Been waiting for eternity

I'll be there
Freedom for us all

And I wonder why, why my heart still yearns
And I wonder why, why the earth still turns
And I wonder why, why the sky turns black
Still I wonder why, but there is no turning back, hey
yeah

For all eternity, for all the world to see
We're riding high across the wind
And when the storm begins to wash away all sins
We'll find a place where we'll begin, yeah

There's something wrong with the world today
Only the people that are fighting for
A better place in the world today
They don't believe that they have gone too far
They're falling down

By moonlight there's way for rebellion
Here the world has gone astray revolution
Now the time has come to pray hallelujah
Deep inside our minds we wait for rebellion
Here in dreamland we will not obey the masters

And the earth still turns but I'm on my way
(He's on the way)
As my heart still yearns, I'm on my way
(He's on the way)
And I cry for more, yes, I'm on my way
(Now he's on the way)
Gonna find the secret wall

I have seen the secret dreams of those who know
eternity
And makes me feel like a shadow sneaking in

In my sleep, I'm searching for a way to find the open
door
Leading me to where it all begins

There's something wrong with the world today
Only the people that are fighting for
A better place in the world today
They don't believe that they have gone too far, falling
down

By moonlight there's way for rebellion
Here the world has gone astray revolution
Now the time has come to pray hallelujah
Deep inside our minds we wait for rebellion
Here in dreamland we will not obey the masters

So now I'm riding through the air, going to where no
one dares
On the way I cross the line forevermore
For once in life, I do not care, nothing matters, now I
dare
On the ride I'll cross the line forever to be free

Have no fear, rebellion is here
Have no fear, rebellion is here
Have no fear, rebellion is here
