I don't believe in fame, I believe in music
I don't believe in money, I believe in the power of love
I know I got a brain and I know how to use it
I don't want no one to stick his finger in my pie

You think you put your best foot forward
But it is moved by someone else
(Moved by someone else)
In blind belief you follow every path that says
I lead you to a universe of fortune, fame and luck

Do you wanna be rich & famous, rich & famous?
Do you really wanna be rich & famous now?

I don't believe in rock 'n' roll illusions
I don't believe that what they say must always be the
truth
I don't believe in good guys against bad guys
I just might as well say I believe in Santa Claus

You think you put your best foot forward
But it is moved by someone else
(Moved by someone else)
In blind belief you follow every path that says
I lead you to a universe of fortune, fame and luck

Do you wanna be rich & famous, rich & famous?
Do you really wanna be rich & famous now?

Mr. Big Shot what is your game?
Mr. Big Shot what is your final aim?
Now you wonder who is to blame
Mr. Big Shot what is your final aim in life?

Rich & famous, house with two bars
Big jacuzzi, car with TV
Private airplane, furs and diamonds
Seafood cocktails, crap and bullshit

Do you wanna be rich & famous, rich & famous?
Do you really wanna be rich & famous now?
Everybody wants to be rich & famous, rich & famous

Do you really wanna be rich & famous now?

Oh, want some diamonds, honey?
