Hello, my name is Mr.Know-it-all  
My sweet home is deep down in your soul  
Now let me introduce you to the final call  
Salvation is calling for you

Life is just a kind of fairytale  
Narrated by a lunatic for man  
The hope in life is clouded by eternal haze

Tell me what you mean?  
What you think about ambition?  
Why don't you scream, ooh yeah?  
Don't you realize, what you criticize  
Now remove yourself away from here

Salvation's calling, salvation's calling  
The walls are falling, salvation's calling now

Hey, you think that you have blown it all  
Your life, you can't enjoy it to the full  
When all your dreams are fading to eternal black  
You're lost in the twilight

Now, what d'you mean  
What do you think about ambition?  
Go out and scream, oh yeah  
Now realize, not criticize  
Remove yourself away from here

Salvation's calling, salvation's calling  
The walls are falling, salvation's calling now

Follow your own instinct  
Never follow your illusions  
Just remember from all troubles  
There is a way out

Turn around and see yourself  
Beyond your own horizons  
There's an outcry in the void  
There is a way out, from here

Goodbye, my friend  
It's time to leave you on your own  
Get going to find out your own way  
Believe in what you're doing  
'Cos I'm in your head  
You can't hesitate anymore

Don't think about existence  
Just move your ass, be yourself  
Now realize, not criticize  
Now move yourself, take your chance

Salvation's calling, salvation's calling  
The walls are falling, salvation's calling now
