A lonely rider in the morning sun  
Heading out into the west  
And his journey only has begun  
He still believes the very best

A golden rainbow hanging in the sky  
Full of mercy for those about to die  
Up in the heavens so close to the edge  
An angel shall speak to the dead

(Time to live)  
I hear the voices  
(Time to live)  
The call of the spirits in the sky  
(Time to live)  
They leave no choices  
(Time to live)  
Now  
(Time to live)  
Live or die

The fading light beams of the setting sun  
Showing life is but a wheel  
Oh Lord, I never wanted to be the one  
To be dying on the fields

And when it's over and all is set and done  
No more crying, no more loving on the run  
Up in the heavens so close to the edge  
An angel shall speak to the dead

(Time to live)  
I hear the voices  
(Time to live)  
The call of the spirits in the sky  
(Time to live)  
They leave no choices  
(Time to live)  
Now  
(Time to live)  
Live or die

Don't you wonder? Ride again  
When you always hide in shadows  
You will never lose the pain  
When the sky shines in amber  
And night starts to fall  
There's a light that burns forever for us all

Time to live  
Time to live

(Time to live)  
I hear the voices  
(Time to live)  
The call of the spirits in the sky  
(Time to live)  
They leave no choices  
(Time to live)  
Now  
(Time to live)  
Live or die
