Lookin' for a lady, walkin' through the bar
Super cool 'n' easy, he's a superstar, yeah
Talkin' to the cutie, looking pretty shy
Move your hips around and make me smile, oh yeah

I'm the one you're looking for
'Cause I am the guy
She just turns around and says
Kiss my ass goodbye

Who do you think you are to look at me like this
Who do you think you are, not a single kiss
Who do you think you are, you're talking much to loud
Who do you think you are, get back to the crowd

Now he's getting closer, gettin' in my sight
Oh my God, he's seen me, it's too late to hide, no way
Heavy Metal monkey, silly looks and walk
Rock 'n' Roll pretender, now he starts to talk, to talk

Nice to see you
How's it going?
I say why don't you turn around
And get back to the bar

Who do you think you are to talk to me like this
Who do you think you are, I got you on my list
Who are you, you're talking much to loud
Who do you think you are, get back into the crowd

Who do you think you are to talk to me like this
Who do you think you are, I got you on my list
Who do you think you are, you're talking much to loud
Who do you think you are, get back into the crowd

Who do you think you are
Who do you think you are
