"Hollow You Out"

Dig up something dynamical.
Hurry up it's getting late!
She was full of the potential
That he was bent to excavate.
I'm gonna hollow you out!
Gonna turn the room out.
Gonna get into place.
Gonna heighten the pace.
Gonna get to the end
At the beginning again.
Before the power is out.
I'm gonna hollow you out.
She whispered: the one and only
Thing I believe to be true
Is the one and only thing
I believe to be you.
Can you come in any closer?
I'm gonna hollow you out.
