Life and love and why  
Child, adult, then die  
All of your hoping  
And all of your searching  
For what?  
Ask me for what am I living  
Or what gives me strength  
That I'm willing to die for

Take away from me  
This monstrosity  
'Cause my futile thinking's  
Not gonna solve nothing tonight  
Ask me for what am I living  
Or what gives me strength  
That I'm willing to die for

Could it be this  
Could it be bliss  
Could it be all that  
I ever had missed  
Could it be true  
Can life be new  
And can I be used  
Can I be used

Give me a reason  
For life and for death  
A reason for drowning  
While I hold my breath  
Something to laugh at  
A reason to cry  
With everyone hopeless  
And hoping for something  
To hope for  
Yeah, with something to hope for

Could it be true  
Can life be new  
Could it be all that I am  
Is in You

Could it be this  
Could it be bliss  
Can it be You  
Can it be You
