Do you have an answer to my question?  
Why we have to kill  
Do You have a solution to my problem?  
Why we suffer eternally

Violence feeds violence  
Let's start a holy war  
Dreams become nightmares  
Who's the emperor?  
Some are in love with Jesus  
Some make prayers to Hell  
Supernatural powers  
Who created them all?

There is a church everywhere  
Does it have the answers?  
There is a bible in every bookshelf  
Does it offer the solutions?

They took my soul and made my life a disaster  
it made me as I am  
So I made a permanent solution to a temporary  
problem  
I needed my fix so bad

Manslaughters made as a sacrifice to the creator  
Why does man grab the gun?  
Massacres or a murder made to solve all problems  
But no-one can play a God
