Wake up at 7 am
Time to go to work again
Put up with the boss's shit
Get more money or fuckin quit

This job sucks
It makes me money
But not enough
This job sucks
The rent is due
So I guess I'm stuck
This jobs sucks
Sucks so much I wanna give it up

Ready for retirement
Saved half the money I spent
Now looking for a better way
Bring home an honest day's pay

This job sucks
It makes me money
But not enough
This job sucks
The rent is due
So I guess I'm stuck
This jobs sucks
Sucks so much I wanna give it up

This job sucks
This job sucks
It sucks it sucks it sucks it sucks...
