Education is their business  
Women to know that they are equal

Why work for love if it shows no profit  
You'll only earn emotional losses  
Wasting time, a hole in the wallet

There is only one condition  
Stay in bed or in the kitchen

Better not, you'll only earn emotional losses  
Disrupt their passions

Mirror reflect their teaching  
Make up makes up for your nature

Make up makes up for your nature  
You're foreseeing and not for hearing  
Their commands are in your interest

Why work for love if it shows no profit  
You'll only earn emotional losses  
Wasting times, a hole in the wallet

Why work for love if it shows no profit  
You'll only earn emotional losses  
Wasting times, a hole in the wallet

Better not, you'll only earn emotional losses  
Disrupt their passions

Education is their business  
Women to know that they are equal  
There is only one condition  
Stay in bed or in the kitchen
