If I could keep it for myself
What did you say? I am confused
I don't remember what did we do last week

Can you imagine in the dark?
Everything has been cynically shot, it's gone
Are there no surprises anymore?

It was hot then it was cold
The view imagined in the dark
My heart sticking to my ribs
Your back's clammy with the heat

If I could keep it for myself
If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it for myself, if I could keep it)

Can you imagine in the dark?
Everything has been cynically shot, it's gone
Are there no surprises anymore?

It was hot and it was cold
The view imagined in the dark
My heart was sticking to my ribs
Your back clammy with the heat

If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it, if I could keep it)

If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it for myself, if I could keep it)

If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it for myself, if I could keep it)

If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it for myself, if I could keep it)

What did you say? I am confused
I don't remember what did we do last week

Can you imagine in the dark?
Everything has been cynically shot, it's gone
Are there no surprises anymore?

If I could keep it for myself
(If I could keep it for myself, if I could keep it)
(If I could keep it for myself, if I could keep it)

If I could keep it for myself
(If I could keep it for myself, if I could keep it)
(If I could keep it for myself, if I could keep it)

If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it for myself, if I could keep it)

If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it for myself, if I could keep it)

If I could keep it for myself
(If I could keep it, if I could keep it)
(If I could keep it for myself, if I could keep it)
