Intro/chorus:

Take two and pass (3x)  
So the blunt will last

Take two and pass so we can all get blunted  
Don't smoke ciggarettes so my growth ain't stunted  
We got at least five head so I rolled a white owl  
It's the break of dawn and we're awake like night owls  
Phillies are cool but they burn much quicker...  
... hey yo come on pass that shit nigga  
We lounge to the sounds as we leave from uptown  
It's time to go downtown and make some more rounds  
This city never sleeps that what sinatra sang  
For that fat fat blunt you know I got this thing  
So hand it over cause I wanna get charred  
I'm in love with mary jane she keeps me large  
So don't hog it let's get it moving real fast  
Everybody just chill and take like two pulls and pass

Chorus

The club is crowded everyone's up in here  
Heyo premier what's that you got there?  
It looks like a nice plump blunt in your hand  
I just know you're gonna share it with me cause I'm  
your man  
So bust it, I got one too and if you spark up yours  
I'll light up mine when it's through  
Oh shit, there goes my man the fat mack  
We used to get blazed I know he's got a fat sack  
Let's go upstairs grab a chair and unwind  
So the la la can enhance our minds  
The system booming let the bass increase  
I find me a seat so I can peep the chic  
Ladies and maybe get my homeboys some ass  
All you gotta do is take two pulls and pass

Chorus

Even in the morning like the flavor of juice  
A blunt adds spice and a blunt can spruce

Up your day but I'm not advertising just telling  
Of aspect a part of our lives  
And around the way there ain't no shame in our game  
Cause the fame is no thing we get together and hang  
And since you know I got dash and class  
Then I'm after you so take two pulls and pass
