(M.Callaghan)

All I have to do is dream
Nightshift,
Billy jean
Life in a northern town
You've lost that lovin feeling
Like a virgin,
She's leaving home
Like a rolling stone
I know what boys like,
I send a message
This is not a love song
Love cats
Get it on
Love street
I've got you
Skin deep
I'm stranded
Before too long

Anodyne dream ÆfÂçâ,-"
We can work it out
Anodyne dream ÆfÂçâ,-"
All you need is love
Anodyne dream ÆfÂçâ,-"
Across the universe
Anodyne dream ÆfÂçâ,-"
Don't stop till you
get enough

50 ways to leave your lover
What you need,
When the war is over
Turn up your radio
I'll be gone The day you come
Flame trees, Distant sun

Where the wild roses grow

Do you see what I see
I want to break free

I won't get fooled again
The power and the passion
The age of reason
It's all in the game

Please don't let me be misunderstood
If I walk on by one fine day
I say a little prayer for you
I can't stand the rain chain reaction
A fraction too much friction
Science fiction
Uptown girl downtown jive talking
Walking in the rain stayin' alive
Freak out

We can work it out,
All you need is love,
Across the universe,
And your bird can sing,
Anytime at all,
I'll keep you satisfied,
Pale blue eyes,
Marquee moon,
The astral plane
