(Robert James)

Through endless spinifex and ochre sands and
bearded dragons
The nearing crack of breaking waves cools the desert
heat
Trudging through a sea of dunes full moon out on the
beat
The beaten track gives right away to the whitewater
freeway

High up in the barrel of a dream break and the desert
is long gone now
On freight train waves carve down the line beat the
lateral stretch
On a five nine thruster bust an alley-ooop
The full moon swell is ten foot tall riding down a
turquoise mountain

We are shootin the breeze
at the camp of the moon
We will shoot the breeze again
at the camp of the moon
We will shoot the breeze again
at the camp of the moon

Goofy footers and natural footers
carve a roundhouse cutback
Hottee girls and hottee boys
boost over the lips
On a nine foot of break is crashing down
pigdog out the back
Then fall back into grace again
down the turquoise mountains

We are shootin the breeze
at the camp of the moon
We will shoot the breeze again
at the camp of the moon
We are shootin the breeze
at the camp of the moon
We will shoot the breeze again

at the camp of the moon
Just shootin the breeze

If you're gunna build bridges you got to go where the
water is
Rivers of wind network the oceans
One of these rivers brought me to you
Yeah rivers of time network my dreams
One of these dreams brought me to camp of the moon,
the moon
We are shootin the breeze at the camp of the moon
We will shoot the breeze again at the camp of the moon
We will shoot the breeze again at the camp of the moon
On a five nine thruster bust an alley-oop alley-oop alley-
oop alley-oop
Just shootin the breeze.
