(M.Callaghan /R.James)

From up in the mountains you can see the beaches  
lying in the sun  
Copacobana to Leblon  
And daily you go there knowing you will see a vision  
when she comes  
Walking straight out of a Jobim song  
You can't help but stop and stare - olive skin and raven  
hair  
With a voice like angels wings she casts her spell oh  
yeah

She's a Carioca girl, walks like an angel, talks like an  
angel  
Carioca girl, she'll take your breath away  
She's a Carioca girl, walks like an angel

Slowly the night falls,  
As Corcovado looks down on the scene below  
And music spills from the street cafÃ©s,  
Gilberto Gil playing -  
The songs they seem to resonate with life and love  
In the Brazillian way  
And you see her dancing there,  
how she seems to float on air

With a rhythm divine she can leave life behind,  
In the way that she moves transcends time. You can tell

She's a Carioca girl, walks like an angel, talks like an  
angel  
Carioca girl, she takes your breath away  
Carioca girl, Carioca girl yeah yeah  
And you see her dancing there,  
How she seems to float on air

She's a Carioca girl, walks like an angel, talks like an  
angel  
Carioca girl, oh yeah, she takes your breath away...  
Carioca girl Carioca Girl Carioca girl Carioca Girl  
You see the way she moves you see those smiling eyes

You see the sound of Rio, you see it in her eyes  
You hear the sound of Rio, in her eyes
