We knew when we began, it wouldn't last forever
But we always thought, somehow it would get better.
There should be love and affection, not rejection,
Love is the key I'm sure, to open every door.
But when love goes away, there's no foundation,
And no foundation of love means everything is loose
above
Just another crazy scene, just another nightmare
dream,

And it all falls down like a house of cards
And it all falls down like a house of cards

So stop those angry words, they don't prove a thing.
Just look around, and see the mess we're in
Every single day, you know I need you
I need the kind of love I can believe in
But when love goes astray, there's no foundation
And no foundation of love means everything is loose
above
Just another crazy scene, just another nightmare
dream

When it all falls down like a House of Cards.
And it all falls down like a House of Cards in the wind

It all falls down like a House of Cards falls down.

So stop! those angry words, they don't prove a thing.
Just look around, and see the mess we're in
Every single day, you know I need you
I need the kind of love I can believe in
But when love goes astray, there's no foundation
And no foundation of love means everything is loose
above
Just another crazy scene, just another nightmare
dream

It all falls down like a House of Cards
Yeah it all falls down like a House of Cards in the wind
It all falls down like a House of Cards
