Well you've been floating like a temptress, yeah,  
around my house  
And I heard the words you said as you called my name  
Whispers of wisdom you just can't deny, the pain of  
progress you just can't hide  
If you could only see the world as I see it now  
I don't believe all the things I've heard but I'm hurtling  
through the air on a 50 tonne bird  
And I can't look up I can only look down and I can see

Houses with swimming pools, houses with swimming  
pools  
Houses with swimming pools, you know they got it all  
and a swimming pool

Well you're always wanting something, I guess that's  
something to do  
And you seem to have everything but babe that's not  
enough for you  
one day you're gonna wake up and it'll be gone

One day you're gonna find out that they were to strong  
If you'd only known then what you don't know now  
Cause I can see everything from here - your place, my  
place, the whole schmeer  
I can't look up but I can see all around and I can see

Houses with swimming pools, houses with swimming  
pools  
Houses with swimming pools, you know they got it all  
and a swimming pool

Oh yeah, now all I want to be is cool and when I win the  
big one you can swim in my pool  
Believe me that's as good as it gets, we all get rich  
then we all get wet  
Yes I can see all those shining jewels

Houses with swimming pools, houses with swimming  
pools  
Houses with swimming pools, you know they got it all  
and a swimming pool
