Lately baby you ain't been talking to me, was it
something I've done
I ain't been sleeping and I ain't been dreaming, feel
like I'm on the run
Every night I wait for you, It's not hard to understand
why
Cause when you're near I feel no fear and you whisper
what I want to hear

Talk to me baby, every night. Talk to me baby and I'll
feel alright
Oh yeah angel I feel so free when you come and talk to
me

I feel so down when you ain't been around, feel like I'm
lost for words
Stumbling around all the places that you've been,
chasing echoes that I've heard
Every night and every day there's only this confusion
But when you're near I feel no fear and you tell me
what I want to hear

Talk to me baby, every night. Talk to me baby and I'll
feel alright
Oh yeah angel I feel so free when you come and talk to
me

Here I am again baby waiting for you to show and tell
me secrets you know
A little inspiration will improve my situation baby, I
won't feel so low
Every night I know it's true, I feel so much better when
I'm getting through

Talk to me baby, every night. Talk to me baby and I'll
feel alright
Oh yeah angel I feel so free when you come and talk to
me
Talk to me baby
