Why you up in the club wit no money, trying to see a little ass

Muthafucker give me sumethin' to see me twerk

Make my butt cheeks clap to the beat

Give ya girl a nice fee I take ya to the VIP

We can shake, smoke, and roll, out of control

Oops I feel ya hard, licking in ya ear

Ya hear me moaning for it, taking charge

If ya be the broke ones, you can leave the fucking club

If ya be the baller spending money show a lady love

See you at the bar looking at another nigga dance

(ooh-wee)

Hell naw boy get ya own dance

DJ play my song, -Where dem dollars at- by Gangsta

Boo

Plus another southern diva Mia X is coming too

We don't like dem boys who be all up in our face brah

We don't like dem boys who ain't spending no money

brah

We ain't got no time for y'all muthafucking broke ass

niggas in the club

If ya ain't tipping get the fuck out bitch

[Hook: repeat 2X]

Get ya broke ass out the club if ya ain't gone tip (2x)

Can I get paid nigga, can I get paid (2x)

I be rapping for my lady's in the club get ya money

It be funny how a nigga acting stingy wit they money

Why do you be in the club, you make it harder for a

thug

That be spending all they money, popping bottles,

smoking bud

You know how it is in the spot, everybody pussy high
If you talking big cheese, meet me in the parking lot
I will turn you niggas out, they call me, "Chocolate Melt
in yo Mouth"

Bring ya rollies, it's our family, come on in, I'm up on
the house

Fuck what you other hoes say, you be dykin' anyway
You just mad cause I didn't let you eat my pussy
yesterday

If you bitches wanna pay that's all good wit me
I ain't scared to dance for nobody spending they
cheese

It be those coming at my job nigga just to look
If you wanna stare you need to get a muthafucking
Playboy book

You really need to tip or get you broke ass out
I ain't dancing for free, fuck what you talking bout

[Hook]

Can I get paid playa, can I get paid
I know that's you on twenty's who I saw up in the
Escalade

Ask ya boy do he want a dance, ohh he look hi'
(Female): "Ay you wanna dance baby?"

(Nigga): "Naw, naw I'm cool baby"

Ain't no money in the club, damn that shit is fucked up
I got bills to pay, but a sista gonna suck it up
If it's a good night, I can easy make a thousand daily
If they bring the bustas they proverted keep ya mouth
away

Hit the, hit the stage, bring it, bring it on to the flo'
Stick the money in my lace strap if you want a show
I'm a private dancer, be yo love slave for a while
Most niggas trip, when you diss, tip 'em wit they eyes
Flawging ass niggas really muthafuck'n kill me
How you gonna disrespect a muthafuck'n lady
Why you in the club when you ain't spending no cheese
Get yo ass out till you ready to spend some money

[Hook]
