Clock strikes twelve and moondrops burstOut at you  
from their hiding placeLike acid and oil on a madman's  
faceHis reasons tend to fly awayLike lesser birds on  
the four windsLike silver scrapes in MayAnd now the  
sand's become a crustMost of you have gone away  
Come Susie dear, let's take a walkJust out there upon  
the beachI know you'll soon be marriedAnd you'll want  
to know where winds come fromWell it's never said at  
allOn the map that Carrie readsBehind the clock back  
there you knowAt the Four Winds Bar  
Hey! Hey! Hey! Hey!  
Four winds at the Four Winds BarTwo doors locked and  
windows barredOne door to let to take you inThe other  
one just mirrors it  
Hey! Hey! Hey! Hey!  
Hellish glare and inferenceThe other one's a  
duplicateThe Queenly flux, eternal lightOr the light that  
never warmsYes the light that never, never warmsYes  
the light that never  
Never warmsNever warmsNever warms  
The clock strikes twelve and moondrops burstOut at  
you from their hiding placeMiss Carrie nurse and Susie  
dearWould find themselves at Four Winds Bar  
It's the nexus of the crisisAnd the origin of stormsJust  
the place to hopelesslyEncounter time and then came  
me

Hey! Hey! Hey! Hey!  
Call me DesdinovaEternal lightThese gravely digs of  
mineWill surely prove a sightAnd don't forget my  
dogFixed and consequent  
Astronomy - a star  
Astronomy - a star  
Astronomy - a star  
Astronomy - a star
