Feel so good I feel so fine
Love that little lady always on my mind
She gives me loving every night and day
Never gonna leave her, never going away
Someone to love me
You know she makes me feel alright
Someone to need me
Love me every single night
Feel so happy since I met that girl
When we're making love it's something out of this
world
Feels so good to know that she's all mine
Going to love that woman 'til the end of time
Someone to live for
Love me 'til the end of time
She makes me feel happy
Good to know that she's all mine
I am the world the hides
The universal secret of all time
Destruction of the empty spaces
Is my one and only crime

I lived a thousand times
I found out what it means to be believed
The thoughts, the images the unborn child That never
was conceived
You gotta believe me
Hey, I'm talkin to you
Well I know it's hard for you to know the reason why
And I know you'll understand when it is time to die
I don't believe the life you have will be the only one
You have to let your body sleep to let your soul live on
Feel so happy since I met that girl
When we're making love it's something out of this
world
Feels so good to know that she's all mine
Going to love that woman 'til the end of time
Someone to live for
Love me 'til the end of time
She makes me feel happy
Good to know that she's all mine
