There are, there are something you don't say
There are something you keep away
There are somethings you'll never know

I been thinking about you
Thinking about all the half truths
Let's just the whole thing lie
Cause' we don't, we just don't seem to move on
We just doesn't's to keep on, tripping up on that get
along

And I've been, I've been waiting for so long
Waiting for the slow sad song
Waiting for you to count it on

Chorus:

I wanna be free, not empty

Whether we stay together, know it won't be forever
That's a feeling you just can't hide
There's no reason to try now
There's no reason to mind now
There's no reason that's nothing to see

I wanna be free, not empty

Just don't say it

I don't know what I doing
I don't know what I loosing
I just know what I got to be moving on
And we came we just came out of nowhere
Heading back there, heading back into those empty
streets

I wanna be free, not empty

Cause' we just doesn't's seem to move on
We just don't seem to keep on
Tripping up that get along

I wanna be free, not empty
