Lies, lies, lies  
You love those lies  
You tell them straight  
Straight to my face  
They feel so right  
They keep you safe  
And you're so...good at it  
Oh, it comes automatic  
Lies, more lies  
I can tell they're lies  
I can see right through  
You have see-through eyes  
Knocked down drag your name out  
All across the town  
I won't be your dirty little secret  
Not for you, not for me, not for your other lover  
I won't be your dirty little secret  
Oh a man like you  
Keep me up at night  
You want your women at home  
And your bed on the side  
You've got a telephone girl that you carry around  
In your jean back pocket with her very own sound  
And you're so...sly about it  
Oh, it comes automatic  
And you're so good at it  
A systematic habit  
Sly about it  
Oh it comes automatic  
Yeah you're so good at it  
A systematic habit  
Knocked down drag your name out  
All across the town  
I won't be your dirty little secret  
Tell your mother, tell your brother, tell your friends, tell  
your teacher  
I won't be your dirty little secret  
I won't be your dirty little secret  
Automatic systematic habit (10x)  
Knocked down drag your name out  
All across the town  
I won't be your dirty little secret

Not for you, not for me, not for your other lover  
I won't be your dirty little secret  
Knocked down drag your name out  
All across the town  
I won't be your dirty little secret  
Tell your mother, tell your brother, tell your friends, tell  
your teacher  
I won't be your dirty little secret  
I won't be your dirty little secret  
I won't be, I won't  
I won't be, I won't  
I won't, I won't, I won't be knocked down
